More Info

## Education

- Bachelor of Science in Computer Science, NSBM Green University, Sri Lanka  
  
(Expected graduation date: [December 2026])
- Relevant coursework: Data Structures and Algorithms, Computer Networks, Database Management Systems, Operating Systems, Software Engineering, and Web Development.
- School St. Joseph's College, Bandarawela.

## Certification

- UNIVERSITY OF MORATUWA, Python Programming.(March 2023)
- UNIVERSITY OF MORATUWA, Front-End Web Development(December 2022)

## Summary

As a computer science undergraduate at NSBM Green University, I have developed a strong foundation in programming languages such as Java, Python, and C. With experience in software development methodologies, database management systems, and data analysis techniques, I have successfully completed several projects, including developing a web application, implementing a machine learning model, and designing a database. I have also gained work experience as an intern and volunteer, and I am eager to apply my skills and knowledge to a challenging position in the field of computer science.

## Skills

- Have a good understanding of programming language such as Java, Python, C and Java Script.
- Knowledge of web development technologies such as HTML, CSS, JavaScript, and popular front-end frameworks such as React or Angular.
- Knowledge of data analysis techniques and tools such as Excel, R, and Python
- Strong problem-solving and critical thinking skills
- Knowledge of database management systems such as MySQL, Oracle, and MongoDB
- Exceptional communication skills
